

HOW TO AUTO BID

It's easy to place auto bids prior to the sale on our website. An auto bid (also called a proxy bid or a pre bid) is a bid you can place PRIOR to the auction if you can't be here or be on simulcast. All you need to do is put in your maximum bid for the vehicle and the computer will bid for you during the auction.

Begin by navigating to the run list or to your workbook or saved search.

To the right of each vehicle there will be a button labeled "Auto Bid." (See below.)
